Overview

Title: The 17th International Congress on Neutron Capture Therapy

Dates: October 2-7, 2016

Venue: University of Missouri, Columbia, Missouri USA

Host: International Society on Neutron Capture Therapy (ISNCT)
University of Missouri
International Institute of Nano and Molecular Medicine (I²NM²)

Organizer: Organizing Committee, The 17th International Congress on Neutron Capture Therapy

Scale: Expected Participants: 200-300 participants from all over the world. Scientists, professionals and students of disciplines concerned with Neutron Capture Therapy, an emerging field of radiobiological treatment for cancer.

Expected Presentations: Over 200 oral and poster presentations, including keynote lectures from leaders in the field on Neutron Capture Therapy for cancer.

Expected Booths: 5

Language: English

Website: www.icnct17.org

Program: Opening Ceremony, Closing Ceremony
Plenary Symposium, Workshop, Oral/Poster Presentations
Exhibition, Welcome Reception, Banquet

Important dates

- January 4, 2016: Abstract Submission link opens
- March 2016: Abstract Submission link closes
- May 2016: Abstracts selected and presenters are notified
- May 2, 2016: Registration opens online; Early Bird registration fee
- July 1, 2016: Regular registration fee goes into effect online
- October 2, 2016: Conference starts
- October 7, 2016: Conference closes
Treating cancer at the molecular level with the selective delivery of therapeutic pharmaceuticals to tumor cells.

Sponsorship Information

The University of Missouri and its International Institute of Nano and Molecular Medicine are pleased to host the 17th biennial International Congress on Neutron Capture Therapy (ICNCT). Neutron capture therapy, especially the Boron Neutron Capture Therapy (BNCT) for cancer, promises effective, non-invasive, cell-selective eradication of tumors at the molecular level, with minimum side effects and a non-cumulative, repeatable treatment capability in the event of tumor reoccurrence.

BNCT is an experimental radiotherapeutic modality based on the propensity of the boron-10 nucleus to capture a thermal neutron and fission into an alpha particle and lithium ion, both of which travel approximately one cell diameter, effectively killing the cell. The therapy involves selective delivery of the non-radioactive boron-10 isotope to the cancer tissue, followed by irradiation with low energy thermal or epithermal neutrons to the tumor tissue. BNCT had been used worldwide in clinical trials to treat patients with variety of cancers such as Head and Neck, Melanoma, brain, and liver cancers.

Clinicians and researchers from around the world will congregate in October, 2016, in Columbia, Missouri, to feature their findings and generate new thought and discovery related to neutron capture therapy. The key areas will include the latest development in accelerator-based neutron sources, the next generation of boron-10 delivery agents, as well as the latest results in chemical, biological and clinical research. The international congress is composed of globally recognized scientists from industry and academia collaborating in pursuit of a common goal, a cancer cure.

This packet includes descriptions of sponsorship opportunities and a sponsorship application. For general questions and information about sponsorship opportunities, please contact Erica Lovercamp at the MU Conference Office at 573-882-9552 or lovercampe@missouri.edu.

With best regards,

Satish S. Jalisatgi, President
International Society for Neutron Capture Therapy

Organizing Committee
Chair: Satish Jalisatgi
John Brockman
Thomas Everett
Carol Krause
Erica Lovercamp
Charles Maitz

Alexander Safronov
The Donald W. Reynolds Alumni Center will house the conference from October 2-6, 2016. At this location, we will host the opening reception, daily plenary sessions, lunches and refreshment breaks, and the Wednesday evening banquet. The last plenary session and closing session will be held October 7, 2016 at the Hampton Inn ballroom.

Complimentary Wi-Fi is available across the MU campus.

Opportunity to sponsor a plenary session (Prior to sponsored plenary, company representative will be able to address the audience for 2 minutes.) | ✓ |

* Registration includes welcome reception, coffee breaks, banquet, lunches, sessions, abstract publication and conference materials.
** 1 booth includes (1) 6’ skirted table, 2 chairs, 1 trash can. Booth space is limited.

The above specified benefits may be subject to change.

Additional Items for Sponsorship

- Welcome Reception (1 of 5 sponsors) | $3,500
- Poster Session (1 of 3 per session) | $2,500
- Coffee Break (1 of 5) | $3,000
- Pens - In-kind + fee | $1,500
- Notepads - In-kind + fee | $2,500
- Name Badge Lanyards - In-kind + fee | $3,000
- Leaflet in Conference Bag - In-kind + fee | $1,000

All items above are available on a first come-first served basis.

To inquire about availability of additional items or for general sponsorship registration or payment questions, please contact Erica Lovercamp at the MU Conference Office lovercampe@missouri.edu; 001-573-882-9552.

Please complete the sponsor application form and submit it with payment. Booth spaces will be assigned by the sponsorship committee based on level of sponsorship, timeliness of payment, and space availability/needs.

Make plans now to be a sponsor at ICNCT-17!
